MHC 2113-A  
Tampa, FL 33612

## ABOUT PROJECT EBAS

Project EBAS aims to:

- Prepare high-quality scholars to serve as either Board Certified Behavior Analysts or School Psychologists,
- Contribute to the provision of focused instruction, and
- Provide individualized positive behavioral interventions and supports in an interdisciplinary team-based approach for school-aged children with severe emotional and behavioral disorders.

Over the 5 years of funding (2017-2022), Project EBAS will prepare 15 scholars from the ABA Master's Program within the College of Behavioral and Community Sciences and 14 scholars from the School Psychology Educational Specialist Program within the College of Education. To identify high-quality applicants for admission, the project will select candidates whose interests match the project's goals. Interest in becoming a school-based behavior analyst or school psychologist and willingness to provide related services as a collaborative team member for children with disabilities in educational systems will be emphasized in the selection process.

## Project EBAS

*is a collaboration between the*

Department of Child & Family Studies  
College of Behavioral & Community Sciences  
*and the*

School Psychology Educational Specialist Program  
College of Education  
*at the*  
University of South Florida

## FOR ABA PROGRAM

### *Application Process*

All students accepted in the ABA Master's Program are eligible to apply to participate in Project EBAS. The ABA Master's Program will attach a Project EBAS application form to each student's offer of admission letter. Interested applicants should submit an application form, a letter of intent, and a curriculum vita to Dr. Kwang-Sun Blair in the Department of Child and Family Studies at the University of South Florida.

### *Scholarship Support*

The project students will receive:

- Paid tuition (in-state rate)
- Out-of-state tuition waiver for non-Florida residents
- Stipends for full-time participation
- Financial assistance for conference attendance
